

To Whom It May Concern

KXXM Mix 96.1 was one of the first stations in the country to play Bowling for Soup's "Girl All the Bad Guys Want" and was key in breaking the Texas band Nationally.

KXXM also brought the band down to play for their listeners in concert give the group even greater exposure in the San Antonio market.

KXXM also played their follow up single "Punk Rock 101" and has had the band in studio as well as phoning into their morning show to help promote their music. The band is looking forward to continuing their relationship with KXXM as they release their new CD in '04.
